

**ABB**

Variable frequency drives for HVAC  
 Fractional through 550 HP  
 NEMA 1, NEMA 12, NEMA 3R & NEMA 4X

**Variable Frequency Drives**

12 pulse, 18 pulse and Ultra low harmonic drives  
 Engineering assistance and field service  
 Motors and magnetic motor starters

**AEROVENT**

Axial & tube axial fans  
 Mixed flow & in-line centrifugal fans  
 Centrifugal fans

**Industrial and Commercial Fans**

Roof ventilators  
 Fiberglass fans  
 Make up air units

**DRISTEEM**

Direct steam injection - short absorption  
 Electric to steam  
 Steam to steam

**Humidification**

Fogging and evaporative humidifiers  
 Gas fired steam  
 Parts and service

**INDEECO**

Open and finned tubular duct heaters  
 Standard and SCR controls  
 Stainless, wash-down explosion proof

**Electric Heat**

Industrial unit heaters - wash down & ex. proof  
 Commercial comfort heaters  
 UL Listed and NEC Approved

**INGENIA**

Modular and palletized  
 Complete thermal break  
 Galvanized, aluminum and stainless steel

**Custom Air Handlers**

Flexible designs and accessories  
 Powder coated exterior and interior  
 Factory installed controls

**KRUEGER**

Registers, grilles, diffusers, linear bars  
 Air terminal units / VAV boxes  
 Hospital, labs and critical environments

**Air Distribution**

Under floor and displacement ventilation  
 Fan coil / blower coil units  
 Chilled beams

**MK PLASTICS**

Hi-plume dilution blowers  
 Single and multiple plenum configurations  
 AMCA 260 certified for sound and air

**Laboratory Exhaust Fans**

Integrated heat recovery systems  
 FRP corrosion resistant construction  
 Perchloric acid exhaust

**MSA**

Refrigerant leak detection  
 Parking garage CO and NO2 detection  
 MRI O2 detection

**Gas Detection**

Multiple gas monitoring and control systems  
 Toxic and explosive gases  
 Certified service and calibration

**PHOENIX CONTROLS**

Laboratory and fume hood controls  
 Air flow and pressurization controls  
 Operating room and critical care controls

**Critical Airflow Controls**

VAV, CV and 2-position venturi air valves  
 Stand alone or BMS integrated  
 Engineering assistance and field service

**TAMCO**

Thermally insulated dampers  
 Smoke controls dampers  
 Corrosion resistant dampers

**Aluminum control dampers**

Aluminum construction  
 Air-foil control  
 Back draft dampers
